RELEVANT PRODUCT EXPERIENCE

AMN Healthcare | Dallas, TX

Agile Product Owner | 08/2023–08/2024

- Led enhancements to proprietary healthcare software in partnership with SMEs, business stakeholders, design, engineering, and development teams.
- Defined product requirements, user stories, and acceptance criteria, translating stakeholder needs into actionable development work.
- Managed backlog prioritization and sprint planning to align feature delivery with business needs and delivery goals.
- Incorporated client feedback and behavior data into product iterations to refine self-service functionality, improve accessibility, and support user satisfaction and operational efficiency.
- Created structured guides and enablement materials to support rollout, adoption, consistent decision-making, and reduced support escalations.

Associate Product Owner | 09/2022–07/2023

- Promoted to Product Owner within one year; supported requirements development, stakeholder alignment, workflow standardization, and Agile delivery for proprietary digital solutions.

Senior Recruiting Consultant, MedTravelers | 06/2021–08/2022

- Sourced and placed allied healthcare professionals nationally, managed relationships throughout assignments, and resolved complex staffing needs.

ADDITIONAL EXPERIENCE

Professional Therapy Partners | Southlake, TX

Recruiter | 08/2025–Present

- **Built the organization's first internal recruiting function**, managing 1,191 candidates and delivering 44 confirmed hires with a 23.2-day average time-to-hire.
- **Reduced average time-to-fill by approximately 30 days** through workflow improvements, structured follow-up, and proactive pipeline management.
- Developed leadership reporting on pipeline, source performance, and cycle time; identified an **8× conversion advantage** for the career site and recommended reallocating ineffective advertising spend.

MMC Group | Dallas, TX

Healthcare Recruiter | 02/2025–08/2025

- Standardized templates, follow-up cadences, and reporting across high-volume recruiting workflows, improving data integrity and reducing manual work through automation and AI-enabled tools.
- Scaled active headcount from zero to four in the first month while coordinating requirements and next steps with hiring stakeholders.

Earlier Career | 03/2011–06/2021

Healthcare recruiting, operations, client service, market analysis, and digital marketing roles with Tidwell Insurance Agency, Stephens Media Group, FC Tulsa, Invo HealthCare–Progressus Therapy, Maxim Healthcare Services, and Link America Corporation. Managed 50–70 medical professionals; earned two promotions, the Net Income Year Over Year Growth Award, and Division of the Year recognition.
